REGISTRATION WILL BEGIN
TUESDAY, AUGUST 23RD AT 9:00 A.M.– FRIDAY, AUGUST 25TH 6:00 P.M.

Acting Up (www.actsingdance.com):

Acting Up introduces students to theatre and the world of storytelling using their imagination and creativity. With activities such as pantomime, improvisational acting, and critical thinking exercises, students will hone these skills and express their originality through a storytelling experience. This class is designed to help our youngest actors find their own stage presence, develop memorization and communication skills, and learn the importance of ensemble work as it relates to theatre. The session will end with a showcase of the creative piece, pieces, or play the students have developed and rehearsed.

Grades 1st – 5th, \$150

Adventures in Engineering: Computer Science (www.adventuresinengineering.org):

Students will learn coding concepts such as input/output, variables, sequencing, algorithms, conditional statements and loops. Each student will have a code.org account to measure proficiency. All projects will be visual based language.

Grades 1st – 5th, \$175

Adventures in Engineering: STREAMERS (www.adventuresinengineering.org):

Like a hands-on book club, this popular class introduces students to STEAM based fiction with weekly invention builds based on those books. The first book will be distributed in class; all others may be purchased online or at the library.

Grades 1st – 3rd, \$180

Basketball: Potential Sports (www.potentialsports.com):

All classes will be instructed by qualified and trained coaches focusing on basic sports skills and teaching teamwork, sportsmanship and leadership. Students will be grouped according to skill level. **Grades K-2nd and 3rd-5th, \$150**

Bricks4Kidz Lego City Adventure (www.bricks4kidz.com/tampa):

After School Program Descriptions (Alphabetical) FALL 2017

Discover the world of Lego in this epic Class. Kids will build different parts, sites, vehicles, etc. of a city out of Lego. LEGO® Bricks! Bricks 4 Kidz wants everyone to know just how AWESOME and EDUCATIONAL LEGO® can be! Join us for this AWESOME Fall After School class! Anything is possible at Bricks 4 Kidz....DON'T MISS THE FUN! **Grades K-3rd, \$160**

Chinese by International Treehouse (www.internationaltreehouse.com)

A beginner's class to the Chinese language and culture, learning the necessary greetings, expressions, and vocabulary. Classes are taught through hands on lessons, immersive games, cultural projects, songs and dances. This class is a continuation of the previous semester's material, but still welcomes all beginning Chinese speakers **Grades K-3rd, \$150**

Flag Football: Potential Sports (www.potentialsports.com):

All classes will be instructed by qualified and trained coaches focusing on basic sports skills and teaching teamwork, sportsmanship and leadership. Students will be grouped according to skill level. **Grades K-2nd and 3rd-5th, \$150**

Introduction to PERK Engineering (Pachyderm Services, LLC):

Students will learn basics of electronics hardware and how electronic "things" work. The club will design and make objects using a 3D printer. The goal of the club is to develop students and prepare for more advanced designs in Advanced PERK.

Grades 1st – 5th, \$140

Lacrosse: Potential Sports (www.potentialsports.com):

All classes will be instructed by qualified and trained coaches focusing on basic sports skills and teaching teamwork, sportsmanship and leadership. Students will be grouped according to skill level. **Grades K-2nd; 3-5th, \$140**

Martial Arts Advantage (www.martialartsadvantage.com):

Enroll in a program where students train and have fun together, while building life changing characteristics and leadership skills. While learning self-defense techniques, students will be learning how to stand proud together, improving self-confidence, and empowering each individual. The positive effects of the Martial Arts are astounding (increased self esteem and confidence, better grades, improved manners and respect, fitness and self defense). **Grades K -5th, \$160**

PERK Engineering (Pachyderm Services, LLC)— ADVANCED

Students will learn about and how to program electronics hardware. Student groups will create their own electronic systems and build on what was learned in the introductory club.

****Students are required to have completed Introduction to PERK or be approved to join. Grades 3rd-5th, \$185**

Photography by Shutterbug Academy (www.shutterbugacademy.com):

Students will learn the basics of photography, such as aperture, shutter speed and composition. They will play with props, learn about famous photographers and play with instamatic cameras. Students will build a portfolio and have an off-site student show. Digital cameras may be borrowed if needed.

Grades K-2nd and 3rd-5th, \$160

After School Program Descriptions (Alphabetical) FALL 2017

PopStar (www.actsingdance.com):

PopStar is for those that love to SING, all levels of experience welcome. With the popularity of the television show The Voice, kids are chomping at the bit to flex their vocal muscles. This class will allow students the opportunity to sing pop songs, ranging from Top 40 hits, Broadway, and beyond. With a mix of choreography and singing, students will work to create a vocal ensemble and perform for family and friends on the last day of the class. **Grades 1st -5th, \$150**

Running Club: Make running fun! Running Club's goal is to inspire a life long love of exercise in your child. Each week we build endurance, play games and learn the importance of physical activity, pacing, nutrition, goal setting and more! At the end of the 10 weeks, the students will be ready to take on a 5k! **Grades 4th-5th, \$150**

Soccer Shots (www.tampabay.soccershots.org):

Soccer Shots is focused on skill building, fun, and age appropriate soccer curriculum each day. Soccer Shots is in over 80 schools and preschools in the Tampa Bay Area. With over 40 hours of training dedicated to coaches, Soccer Shots is a well organized program dedicated to giving children the best soccer experience possible! For more information about Soccer Shots visit www.soccershots.org.

Grades K ONLY; 1st -2nd & 3rd-5th, \$160

Spanish Language Enrichment Program(www.internationaltreehouse.com):

A fun, immersive program covering the basics of the Spanish language and culture. Curriculum is based on everyday topics and simple grammar reinforced by fast-paced games and constructive activities. **Grades K-2nd; 3rd-5th, \$150**

Tee Ball: Protential Sports (www.protentialsports.com):

All classes will be instructed by qualified and trained coaches focusing on basic sports skills and teaching teamwork, sportsmanship and leadership. Students will be grouped according to skill level. **Grades K-2nd and 3rd-5th, \$150**

Tech-Know Kids Technology Club

This class will allow students to develop important skills that they can use to further their education while having FUN! These technology skills will include: Keyboarding, Microsoft Word, Microsoft PowerPoint, educational games and more!! Students will learn how to use these applications through practice and creating their own projects.

Grades 2nd -5th, \$150

Terrific Scientific (www.terrificscientifictampa.com):

This session of Terrific Scientific will be a mix of old and new. We will start out by exploring ancient artists, fossils, compasses, magnets, and more. Then we will switch gears and spend some time learning about polymers, chemistry, magic, and other interesting scientific favorites! During each class, students are treated to a hands-on, interactive, science lesson with a take home project each week. Don't let your child miss out on the fun! **Grades K-2nd, \$160**

Totally Art Tampa (<http://totallyarttampa.com>):

Totally Art is a drawing based, fine arts program that is designed to help students learn the fundamentals of art through drawing while using artist quality materials. All new curriculum! **Grades 1st - 3rd, \$160**

After School Program Descriptions (Alphabetical) FALL 2017

Tumbling by Elite Technique Gymnastics (www.elitetechnequygymnastics.com):

A class for all skill levels. Join us for a fun tumbling class where you will learn to cartwheel, handstand, backbend, and handspring! We will have a performance to showcase all of the skills learned throughout the session the last day of class for family and friends. **Grades K-3rd, \$160**

Yoga (www.academicyoga.com):

Mindful Yoga for Young Athletes~ Students will be introduced to the many benefits of yoga by building core strength, balance, flexibility, stamina and range of motion. Along with the physical benefits, yoga provides harmony of the mind, body and breath, and increases mental clarity and focus. Students will be engaged, as they interweave yoga poses, stories, games, and relaxation. Students will benefit from this practice by gaining body awareness and learning mindful techniques for stress-management, focusing attention, listening and self-expression! Great for young athletes! Mats, straps, blocks, music and books included! **Grades K -2nd & 3rd-5th, \$150**
